

Alexandria Gazette

VOLUME CVL--NO. 249.

ALEXANDRIA, VA., FRIDAY EVENING, OCTOBER 20, 1905.

PRICE 2 CENTS.

A rich man died the other day. He died in the very midst of life, and he left his family \$1,000,000. The doctor's certificate showed that death resulted from typhoid fever. The doctor himself said to a friend: "That man was a suicide. He had a splendid constitution. I could have pulled him through if his stomach had been sound. But he ruined his stomach by hasty meals, and he neglected his stomach by neglecting his health. He was warning him a year past that his stomach was failing in its duties."

The symptoms of a disordered stomach are, among others, variable appetite, sour risings, heartburn, undue fullness after eating, dull headache, dizziness, constipation, discolored eyes, fluctuations in physical strength, nervousness, sleeplessness, depression. No person will have all these symptoms at once.

The restoration of the stomach to sound health begins with the first dose of Dr. Pierce's Golden Medical Discovery. The cure progresses until the functions of the stomach are in healthy operation. Then the nerves are quiet and strong, the appetite healthful, the sleep restful, the eye bright, the complexion clear.

"Please accept my thanks for the benefit which my child received from your medicine," writes Mrs. W. A. Morgan, of Siles, Mo. "He had been troubled for nearly a year with liver complaint, indigestion and constipation. I saw and bought your 'Golden Medical Discovery' and 'Pleasant Pellets,' and they did him great good. I have him the 'Discovery' about eight months, and several trials of the 'Pellets.' He seems to be perfectly well now."

If you want a cure accept no substitute for "Golden Medical Discovery." These ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce over 40 years ago, have been made of purely vegetable, concentrated and refined medicinal principles extracted from native American roots and plants. They speedily relieve and cure foul, torpid and deranged stomachs, livers and bowels and their attendant disorders. One or two a day, three or four a cathartic.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do not do anything good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and so far, the only hair preparation that will positively destroy the germ in Newbro's Herpicide—absolutely harmless, free from grease, salicylate, dye matter or dangerous drugs. It always itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Irritation

of the throat, sore and swollen tonsils, loss of voice, and other throat troubles should never be neglected. These ailments quickly work down to the lungs, and often end in consumption or pneumonia.

HAMLINS WIZARD OIL

used as a gargle, and externally on the throat, is a marvelous remedy for these painful and dangerous disorders, and effects relief and cure after everything else has failed.

Says Henry Wade, of Harlin, Mo.: "I am under obligations to you for the great good which Hamlin's Wizard Oil did my wife. She suffered from Throat Trouble for a year, and though she doctored and doctored, nothing did her any good, until she tried Hamlin's Wizard Oil." Price 50c and \$1.00.

Sold and recommended by all druggists

Southern Growth.

The report of the Southern Railway Company is an interesting document. Tape readers, of course, will fasten eagerly upon the statement that its net income and surplus over charges each increased about a million dollars. Truly this is an encouraging statement, but interest in it is narrow compared with facts affecting the territory which the railway serves. Thus we learn that "along the lines of the Southern Railway Company during the year ended June 30, 1905, there were completed and put in operation 46 textile mills, 34 furniture factories, 38 iron industries, 6 tanneries, 77 stone quarries and coal mines, 13 cottonseed oil plants, 8 fertilizer works, and more than 500 smaller industries. Over 250 previously existing plants were enlarged during the year and 54 new industries were under construction at the close of the year."

All this along the lines of only 7,000 miles of railway! What must have been the growth along the aggregated 200,000 miles and more in the United States? And what do these figures mean in men and money? Every mill required capital and operatives.

Captains of industry translate such facts into terms of immigration and investment which spell wealth not for the railway primarily, but for the community. Nor is this the top of the boom in the opinion of the men on the spot. The report continues: "Underlying conditions are favorable to further increase in industrial development along and adjacent to the company's lines." This is what the cotton crop is doing for the south and its railways in a yellow fever year. The permanence of growth of this sort is its most important characteristic. All wealth comes from the soil, but it does not come equally in all years. In business, too, there are fluctuations, but with a difference. When a mill is built, when an immigrant settles, it is something like insurance of permanent addition to the resources of the district, as well as the railway. Thereafter their interests are indissoluble. The mill may make more or less money; but, like the railway, it cannot be removed. Nor do settlers upon the soil move easily. Their roots are set deeper than the forest king's. They can only prosper by finding a market for their products, and for that they are dependent upon railways. But they must get a dollar before the railways can get a share of it.

It is a maxim of railway administration that no railway can prosper in the adversity of its customers, and that their prosperity must precede the railway's. No money is made upon passenger and freight which are not carried, and no railway traffic moves unless there is profit in it for the shippers as well as for the carrier. Yet there are those in influential places who seek to antagonize these hand-in-hand interests. It is portentous to think of damage to railway inventors through damage to railways. It is calamitous to think of the results to communities if railway enterprise is paralyzed by confiscatory or humbugging legislation. The Southern Railways and its tributary region are doing so well together that it is prudence to leave well alone, lest it be worsened by departures from tried and proved policies.—[New York Times, Oct. 16.]

Only a Dog on Board.

A sailing vessel in midocean deserted by her crew, but with sails set and proceeding with fair speed toward the shore of North America, was sighted by the steamer Teutonic, which arrived at New York yesterday. The Teutonic's officers believe that the vessel is the bark Orion, whose crew, according to a wireless message received from midocean last Tuesday, were rescued from their ship by the steamer Etruria. The Orion was thought to be sinking when the Etruria, bound for Liverpool, took off the crew. The Teutonic passed the deserted ship when she was about 40 miles southwest of the point from which the wireless message was sent and about 500 miles east of the North American coast line. One living thing, a black dog, was seen on the lonely vessel by the Teutonic's passengers. The animal sat on its haunches in an elevated position, where it could survey the ocean on all sides. The bark's wheel was lashed and her course was steadily southwest. From the mast-head a distress signal was flying.

Large Sun Spot.

Father Rodriguez, director of the astronomical observatory of the Vatican, in Rome, announces that he has discovered in the sun a spot of extraordinary dimensions, larger than that observed last February. The spot is composed of seven principal nuclei, and in length it is one-eighth the diameter of the sun and a little less in width. The area covered by the spot is over 12,000,000,000 square miles. Within three days, Father Rodriguez says, the spot will reach the center of the sun, when the area as it will face the world will seem larger. The spot can now be seen with the naked eye.

A Daredevil Ride

often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Theodore Schuele, of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothe and heal burns like magic. See at E. S. Leadbeater & Sons, druggists.

Thief in Church.

Rev. Thomas King, assistant pastor of St. John the Evangelist Church, Brooklyn, had a fierce fight with a thief whom he caught robbing the poor box in the vestibule of the church, and were it not for the prompt arrival of Father Dubig, pastor of the church, the younger priest might have been killed. As it was he was badly cut and bruised from his fight with the thief.

A young woman entering the church noticed the stranger loitering about the vestibule, and informed Father King. The latter hurried to the church, and secreting himself in one of the confessionals, watched the man. The thief had a long wire with a small hook on the end of it. This hook was covered with a sticky substance, and he was working this industriously up and down the slot in the poor box when he was pounced upon by Father King.

The thief put up a stubborn resistance, when Father Dubig appeared and aided in throwing him to the floor, and keeping him there until the police arrived. The prisoner said his name was Vito Desalman. In his pockets was about \$200 in small change.

Could Not Be Better.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy has won for it a wide reputation and many people throughout the country will agree with Mr. Chas. W. Mattison, of Milford, Va., who says: "It works like magic, and is the best preparation I know of. It couldn't be any better." He had a serious attack of dysentery and was advised to try a bottle of this remedy, which he did, with the result that immediate relief was obtained. For sale by Gibson & Timberman and W. F. Creighton & Co.

Faith Not Necessary.

You may be just as skeptical and pessimistic as you please. Kodol will digest what you eat whether you eat or not. You can put your foot in a bowl, pour a little Kodol Dyspepsia Cure on it and it will digest it the same as if it were in your stomach. It can't help but cure indigestion and dyspepsia. It is curing hundreds and thousands—some had faith and some didn't. Kodol will cure you if medicine can cure you, whether you have faith in it or not. Sold by W. F. Creighton & Co., 401 King street.
